It is important to be aware of your surroundings. We also found many of them near the water, trees and one of the large huts near the playground. Wednesday is named after Woden, the Anglo-Saxon name for the Norse supreme god Odin, while Thursday is named after the god of thunder, Thor. Dance on the Apres Ski Dance Floor for 10 seconds The Apres Ski Dance Floor is located in a cabin atop a snowy mountain peak southwest of Misty Meadows. All that is required is that you damage enemies, not eliminate them. It is worth mentioning that you can deal damage to goons and looters for this challenge as well, making it a little easier for you instead of trying to attack real players. This is evidenced by some days of the week being named after Roman deities. The Romans used to have eight days a week as a civil practice until 321 A.D., when Emperor Constantine established the seven-day week. Make sure you have a teammate with you in case an enemy comes to complete the challenge. This is reflected in the seven-day period for the ancient Israelites, where they work for six days and dedicate the seventh day to rest and worship God. But it is important to note that you don't have to guarantee death for this to count. To complete this one, go inside the building on the west side of the snowy peak and you'll see a colorful dance floor. Eliminations at Misty Meadows (3) You may have trouble with this challenge if it's new to Fortnite, so we recommend you bring a squadron with you to help. As always, if you're having trouble, try playing with a squadron so they can watch your back as you open your chest. These are the years when January 1st falls on a or a leap year that eats in a Make sure you stand on it and dance for 10 seconds to complete this challenge. Judaism has long designated the Sabbath as the day of Sabbath and rest. Days of the week Many historians agree that it was the Romans who firmly established the modern seven-day week, adding features from Babylonian's seven-day week system. From our experience, this is usually a busy area, which is good for those who want to complete this quickly. The thing to keep in mind with this challenge is that you must ensure the kill by finishing off the enemy when he is down. This huge fortress is usually a hot spot, full of henchmen and marauders, as well as real players. Keep in mind that there are smaller ammunition boxes, which are more cube-like, and larger ones that resemble a rectangle. Weather permitting, you should have no problem finding five within a match, even if you don't land there immediately. Anglo-Saxon Influence Other Roman deities inspired the name of the other days of the week, such as Mars Day (Tuesday), Mercury's Day (Wednesday), Jupiter's Day (Thursday), and Venus's Day (Friday). There is a lot to do, so even if you meet another player attempting the same challenge, you can probably keep your distance without getting involved. Be sure to stack this with other challenges for maximum efficiency. Destroy shipping containers on dirty docks (7) You will find dirty docks on the east side of the map, north of the retail line. The foggy meadows are located at the south point of the map and consist of several buildings for you not to take refuge. The leap years have 52 full weeks and two extra days. Simply bring them down, not count. Weeping Woods firefly vest (5) This challenge requires you to collect five fireflies from Weeping Woods, which is located to the southwest of the Authority. Because of the nature of this long tail, you will probably take several departures to finish, which is why you should not go immediately. Islam, on the other hand, designates Friday as its day of rest. Tigerlily713 / Pixabay Most years in the Gregorian calendar have 52 full weeks and one day. There's not a great way for growing fireflies, I know they tend to spawn randomly, but the good thing was they seemed to spawn so often. However, it does not cost anything to have a SMG and a cachine every time so that you can switch between them if the situation is required. Maybe you're having trouble completing them, or maybe you're looking for a quick way to go through them all easily. The ISO 8601 international standard, which is the most common weekly numeration system in the world, begins on Monday and ends on Sunday. That's why we recommend when you take those pop photos, even if you can ensure the matancy. We noticed that it was easier to see piranamps at night, since his sparkling is much more illuminated against the darkness. The use of ISO 8601 will help mitigate the confusion and doubt in the international correspondence between different number of numbers of weeks and time zones. It's usually a busy area, so you shouldn't have trouble finding any enemies especially since other players will likely be going for the same challenge, as well. We recommend that you search for them in the large buildings since there are usually five or six you can find in these areas alone. Ammo boxes are found throughout the entire Frenzy Farm area in barns, buildings, or on the ground by landmarks. Remember, each kill is the equivalent of around 100 damage (assuming you deal all the damage yourself and that the enemy has no shields), meaning it will take anywhere from two to five kills to finish this one. Deal damage to opponents with shotguns or SMGs (500) Remember to start using a shotgun or SMG as soon as you begin going for the week 10 challenges since this challenge (and the other one for dealing 15,000 damage) will take you some time. Friday or Frigg's day was named after Frigg, the wife of Odin. Frenzy Farm is located to the northeast of The Authority, so you can definitely chain this challenge with the one for finding chests in The Authority since they're so close to one another. If you're struggling, we recommend trying to duke it out in close-quarters areas like The Authority the inside portions of Frenzy Farm, Pleasant Park, or Misty Meadows. Dealing 500 damage can be done in one match, and the nice thing is that you don't even have to secure the kill to gain progress. SMGs are more versatile than shotguns, due to their ability to take enemies out from close to medium range. Names of the gods of Teutonic Mythology were used for the other weekdays. Remember, the tits don't have to be all opened up in a broken one, so grab a couple and leave if things get too hairy. Once again, it depends on you which weapon you like to use, but we recommend the SMG, since it works better at medium range. Search ammo boxes at Frenzy Farm (7) As the challenges to search for handles, this is cumulative and can be done in multiple games. Be sure to keep an eye on the sparkle of the fireflies as you run through this Area. It's to bring a friend or two to cover your back, just in case. If you're not having any problems, you'd better keep to the surroundings of this area where there are fewer containers. If you can't seem to find any, or go unopened, you can't give up and try again. Authority is usually a busy area in general, but now even more, once the players are brought together to get hits.
